	SIMPLEX	ALTERNATE	AMATEUR	147.5500	CSQ	147.5500	CSQ	A	HARDIN SIMPLEX
	REPEATER	PRIMARY	AMATEUR	146.8800	CSQ	146.280	88.5	A	WILLIAMS HILL

The convention calls for frequency lists to show four digits after the decimal place, followed by either an "N" or a "W", depending on whether the frequency is narrow or wide band. Mode refers to either "A" or "D" indicating analog or digital (e.g. Project 25) or "M" indicating mixed mode. All channels are shown as if programmed in a control station, mobile or portable radio. Repeater and base stations must be programmed with the Rx and Tx reversed.
